CAREER GOAL

- To be satisfied with my work where I am constantly improving and making an impact

PROFESSIONAL EXPERIENCE

Quanta Services, Houston, Texas

IT Applications Assistant

July 2020 – January 2021

- Designed RPAs using UiPath to automate business processes
- Communicated with clients (Business units) and Coworkers in a professional business setting
- Went through all phases of an iterative software development life-cycle, this included drafting requirements, designing and implementing software, creating tests, and getting feedback to start new iterations
- Internship for the summer but was extended

Chick-fil-a at 249 & Jones, Houston, Texas

Supervisor

July 2019 – July 2020

- Make positional sheet for the day, cementing knowledge of how systems in a business environment work
- Manage up to 20 people whilst doing another task, developing good leadership qualities in high stress situations
- Count the revenue for the day
- Promoted when I turned 18

Team Trainer

June 2019 – July 2019

- Train new team members and ensure the store is run in an efficient manner, developing good teaching skills
- Attend meetings to keep up to date on store and chick-fil-a policy
- Promoted to team leader when I was only 17, leading adults in a professional environment

Team member

February 2018 – June 2019

- Take and prepare orders for guests, ensure that every guest that comes in contact with Chick-fil-a has a positive experience
- Worked 20 plus hours a week while going to school with AP classes and other extracurriculars
